Hi Mike,

Here are some thoughts about what to send to Rock –

### **Outreach meetings with USEPA, CA DOGGR, and CA State Board**

Representatives of the three agencies will participate in informal discussions about aquifer exemptions in CA with oil/gas industry personnel. The sessions will provide an opportunity for the agencies to answer questions about the aquifer exemption process, discuss roles and responsibilities of the state/federal agencies, and clarify upcoming regulatory deadlines. It will also provide an opportunity for the agencies to hear from the industry about their perspectives, specific concerns, and any suggestions for improvements to the current aquifer exemption review process.

If this looks okay, I can send to Bartling and Bishop/Borkovich so that they have a chance to see it before going to CIPA/WSPA.
